

Communication

Date	30 June 2026
Team ID	
Project Name	A Comprehensive Measure of Well-Being

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp / Google Meet	Team Members and Team Lead	Discuss daily tasks and project progress
2	Progress Update	Weekly	Skill Wallet / GitHub	Team Lead	Review completed work and plan upcoming tasks
3	Issue / Bug Discussion	As Needed	WhatsApp / VS Code Live Share	Team Members and Team Lead	Resolve coding errors and technical issues
4	Stakeholder Review	Bi-Weekly	Microsoft Teams / Google Meet	Team Lead	Review project progress and receive feedback
5	Final Demo Rehearsal	Once	Google Meet	Team Lead	Practice the final project presentation and demonstration
6	Documentation Review	Weekly	GitHub / Word	Team Lead	Review and update project documentation

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Errors during model training and Flask integration	Team members collaborated to debug the code and verified the implementation together.
2	Difficulty coordinating tasks among team members	Responsibilities were divided clearly and progress was tracked through regular meetings.
3	Managing project documentation and code versions	GitHub was used for version control and shared documents were maintained to keep the project updated.
